KEVIN JOSE

Kollam Kerala | +918590794032 | kevinjose20233@gmail.com |

Profile

Enthusiastic and detail-oriented Computer Science graduate with a foundation in programming, data analysis, and problem-solving. Eager to contribute skills and knowledge to a livery team with an intention to constantly learn and improve skills and commitments to delivering high quality engineering solutions.

Internship

INTERN, AESTER INDIA PVT.LTD | MAY 2023|

5 Days Robotics Programming Training where fundamentals of programming language was discovered.

Projects

LEAKAGE IDENTIFIER WITH SMART ENERGY METER |DEC 2023-MAY 2024|

- This system allows the user to monitor the energy consumption made by them.
- It works on the basis of prepaid model where use can purchase energy units required for them.
- Each user has a portal where they can analyze and recharge the energy units.
- The web application also raise alerts when leakage is detected in the meter.

D-A PP|JAN 2023-MAY2023|

- This web application allows the user to do transactions using cryptocurrency through blockchain which leverages secure and faster transmission.

Education

BACHELORS OF TECHNOLOGY IN COMPUTER SCIENCE AND ENGINEERING|
TKM INSTITUTE OF TECHNOLOGY KARUVELIL| CGPA:6.48

HIGHER SECONDARY|ST JOHNS RESEDENTIAL HIGHER SECONDARY SCHOOL|PERCENTAGE:80

Skills & Abilities

· C Language

· SQL

· HTML & CSS

· DATA ANALYSIS, DATA CLEANING, DATA VISUALIZATION

Certification

- **Python For Data Analysis & Visualization 2022|UDEMY|June 3,2022**
- **Artificial Intelligence A-Z 2023:Build 5 AI|OCT 30,2023**
- **GOOGLE DATA ANALYTICS**
